

# INLIGHT THERAPY

## A REVOLUTION IN LIGHT THERAPY

When [InLight Therapy](#) was founded in 1985, the company was already light years ahead in the technological advancement and development with its alternative, non-invasive, non-abrasive modality that supports the body's natural healing process by increasing circulation to reduce inflammation and pain.

The original basis for the creation of InLight Therapy was derived from the acupuncture concept of pressure points. The InLight technologists researched and experimented with the process of applying non-invasive LED lights to certain pressure points of the body. When applied, it was discovered that the lights would activate and aid in stimulating the body's natural self-healing abilities. The outstanding results proved to increase circulation, decrease pain and overall well being.

Today, InLight is leading the industry with their wide range of therapy devices that are FDA cleared to increase circulation and decrease pain. The company's systems are safe, drug-free and non-invasive with no known side effects. The main focus of the research team is to ensure that the systems provided are always leading edge and the highest quality LED systems in the market place.

InLight Therapy's mission is to deliver the most innovative and technologically advanced polychromatic LED systems for an alternative, non-invasive remedy to decrease pain and enhance wellness to people around the world.

## BLUE & INFRARED LIGHT PADS

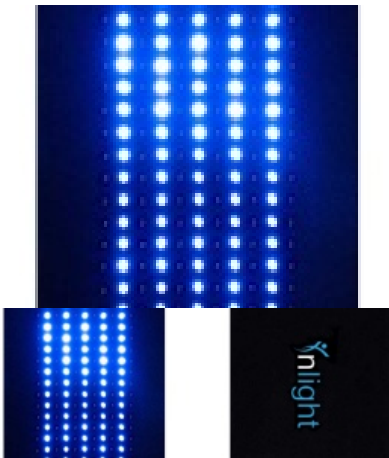

### BLUE LIGHT THERAPY BENEFITS

Polychromatic Light Therapy is a unique therapy that harnesses the healing powers of blue and infrared light. Blue LED light has been shown in the literature to benefit conditions of the skin needing an increase in circulation and/or pain reduction. The evidence clearly demonstrates low-level blue light having anti-bacterial and anti-inflammatory effects on the skin. Specifically, blue LED light works to treat mild-to-moderate inflammatory and acne. Blue light (400 - 500 nm) works by reaching the pores

where the bacteria live and killing the p. acnes bacteria causing underlying acne outbreaks. The American Academy of Dermatology (AAD) recommends LED light therapy to decrease acne-causing bacteria. Research has also demonstrated the application of polychromatic light can reduce fine lines and wrinkles, stimulate collagen production, increase new tissue growth, and prevent scar formation and enhance normal tissue repair.

Unlike blue, red or yellow light, near infrared (also known as IR) light is invisible to the human eye. It emits special wavelengths of light energy that dramatically increase circulation to injury sites and areas of chronic pain. The IR light has been reported to dilate blood vessels at the site of treatment. The result tends to be a more rapid relief of discomfort, improvement in sensation, and regeneration of damaged tissues.

The InLight Medical polychromatic neoprene therapy pad designs apply comfortably to any surface area of the body, bending nicely to fit top of the head, hands, wrists, arms, axilla, knees, ankles, feet and more.

## **BODY 264 PAD BLUE**

**SKU:** 1319

The Inlight Body 264 Blue and Near-Infrared PLT Pad is the largest pad in the Inlight collection, delivering two colors of light: Blue and Near-infrared.

**Price:** \$500.00

**Categories:** [Blue & Infrared Light Pads](#), [INLIGHT THERAPY](#)

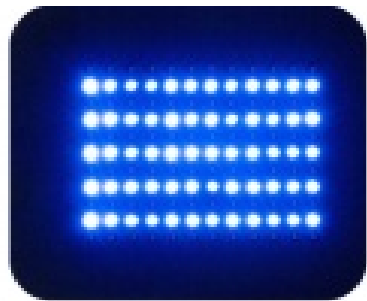

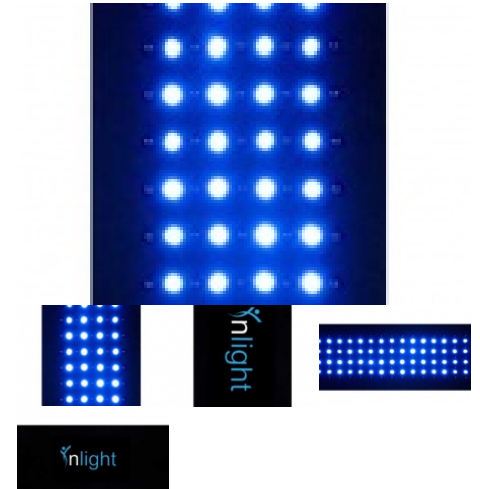

## PAINBUSTER II 180 PAD BLUE

**SKU:** 1314

The Inlight Painbuster II 180 Blue and Near-Infrared PLT Pad is a medium-large sized pad delivering two colors of light: Blue and Near-infrared.

**Price:** \$450.00

**Categories:** [Blue & Infrared Light Pads](#), [INLIGHT THERAPY](#)

## LOCAL 132 PAD BLUE

**SKU:** 1310

The Inlight Local 132 Blue and Near-Infrared PLT Pad is a medium-sized pad delivering two colors of light: Blue and Near-infrared.

**Price:** \$350.00

**Categories:** [Blue & Infrared Light Pads](#), [INLIGHT THERAPY](#)

## CONTROLLERS

**INLIGHT MEDICAL CONTROLLERS ARE ENGINEERED WITH PROGRESSIVE MULTI-PULSE™ TECHNOLOGY. THEY DELIVER BLUE, RED, AND INFRARED WAVELENGTHS (PHOTONS) TO THE SKIN.**

The controllers are highly user friendly and built with pre-programmed automatic settings containing the Progressive Multi-Pulse technology and a 20-minute shut-off timer. The input jacks fit all InLight Medical therapy pads, and all pads and controllers can be used interchangeably.

### 6/PORT PRO CONTROLLER

**SKU:** 6P-C

The Inlight Therapy state-of-the-art 6/PORT PRO Controller is engineered with the Inlight Progressive Multi-Pulse™ technology for professional and home use.

Inlight Therapy controllers house the unique technology that delivers blue, red, and near-infrared (NIR) wavelengths (photons) with Progressive Multi-Pulse™ technology. The controllers are highly user-friendly and built with pre-programmed automatic settings and a 20-minute shut-off timer.

#### Product Features

- 6/PORT PRO controller with Progressive Multi-Pulse™ technology
- 6 output ports powering up 6 interchangeable Inlight polychromatic therapy pads
- 3 easy-to-use automatic settings pre-programmed with Progressive Multi-Pulse™ technology
- 7 manual setting options
- 20-minute automatic session timer
- Durable metal casing
- Illuminated LED display
- Surface-mounted IR detector
- Push-button mute option
- Inlight Therapy System Power Supply. Good for any power anywhere in the world. Input 100-240V - 50-60Hz, 1.2A max. Output 12.0V, 5.0A.
- 6 foot AC power cord with 3-prong plug, NEMA 5-15P Connector, with C13 Connector that plugs into Power Supply.

**Price:** \$2,495.00

**Categories:** [Controllers](#), [INLIGHT THERAPY](#)

## 2/PORT TRAVEL CONTROLLER

**SKU:** 2P-C

The Travel System features a state-of-the-art 2/PORT Controller with InLight Progressive Multi-Pulse™ technology.

### FEATURES

- 2/PORT Traveler controller with Progressive Multi-Pulse™ technology
- 2 output ports powering up 2 interchangeable InLight polychromatic therapy pads
- Simply turn the device ON and enjoy the benefits of Progressive Multi-Pulse™ technology
- 7 manual setting options for professional applications
- 20-minute automatic session timer
- Illuminated sequencing display
- Durable, lightweight casing

**Price:** \$750.00

**Categories:** [Controllers](#), [INLIGHT THERAPY](#)

# RED & INFRARED LIGHT PADS

## RED LIGHT PAD BENEFITS

Polychromatic Light Therapy (PLT) is a unique therapy that harnesses the healing powers of red and infrared light. Red light penetrates the skin and is absorbed by the cells to trigger photobiomodulation mechanisms including the release of nitric oxide, the body's natural vasodilator.

Unlike blue, red or yellow light, near infrared (also known as IR) light is invisible to the human eye. It emits special wavelengths of light energy (800 - 1100 nm) that dramatically increase circulation to injury sites and areas of chronic pain. The IR light has been reported to dilate blood vessels at the site of treatment. The result tends to be a more rapid relief of discomfort, improvement in sensation, and regeneration of damaged tissues.

The InLight Medical polychromatic neoprene therapy pad is designed to be easily and comfortably applied to any surface area of the body. They can flex to fit top of the head, hands, wrists, arms, axilla, knees, ankles, feet and more.

### PODIATRIC BOOT PAIR 122 (X2) PAD RED

**SKU:** 122R-BOOT-PR

The Inlight Boot Pair 122 (x2) Red and Near-Infrared PLT Pads may be wrapped over the feet like "boots", each delivering two colors of light: Red and Near-infrared.

**Price:** \$800.00

**Categories:** [INLIGHT THERAPY](#), [Red & Infrared Light Pads](#)

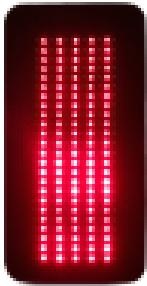

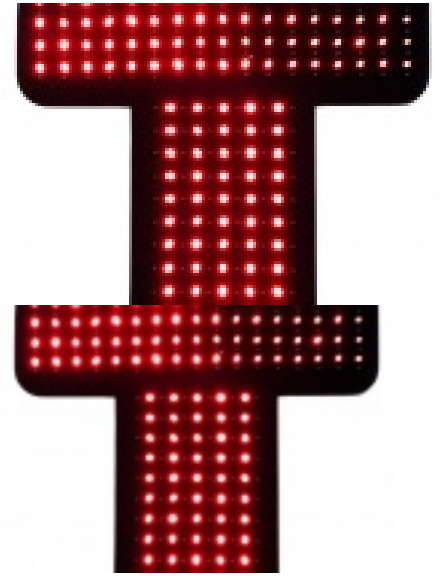

## T-PAD 263 RED

**SKU:** 1317

The InLight T-Pad 263 Red and Near-Infrared PLT Pad is a large pad in the InLight collection, delivering two colors of light: Red and Near-infrared.

**Price:** \$550.00

**Categories:** [INLIGHT THERAPY](#), [Red & Infrared Light Pads](#)

## BODY 264 PAD - RED

**SKU:** N/A

The InLight Body 264 Red and Near-Infrared (NIR) PLT Pad is the largest pad in the InLight collection, delivering a polychromatic dose with 264 red and NIR diodes. The polychromatic delivery of photonic energy with InLight's unique **Progressive Multi-Pulse™** technology provides the body.

**Price:** \$500.00

**Categories:** [INLIGHT THERAPY](#), [Red & Infrared Light Pads](#)

## PODIATRIC BOOT 122 PAD RED

**SKU:** 1308

The Inlight Boot 122 Red and Near-Infrared PLT Pad may be wrapped over the foot like a “boot” delivering two colors of light: Red and Near-infrared.

**Price:** \$450.00

**Categories:** [INLIGHT THERAPY](#), [Red & Infrared Light Pads](#)

## PAINBUSTER II 180 PAD - RED

**SKU:** N/A

The InLight Painbuster II 180 Red and Near-Infrared (NIR) PLT pad is designed to provide red and NIR photonic energy to the body. This design features LEDs in a soft neoprene pad allowing for delivery of light for increased circulation.

**Price:** \$450.00

**Categories:** [INLIGHT THERAPY](#), [Red & Infrared Light Pads](#)

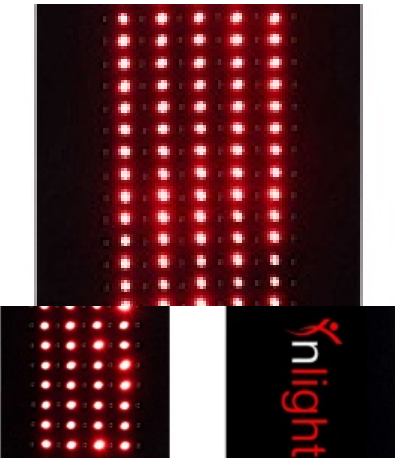

## LOCAL 132 PAD - RED

**SKU:** 1311

The Inlight Local 132 Red and Near-Infrared PLT Pad is a medium-sized pad delivering two colors of light: Red and Near-infrared.

**Price:** \$350.00

**Categories:** [INLIGHT THERAPY](#), [Red & Infrared Light Pads](#)

## PAINBUSTER 90 PAD RED

**SKU:** 1304

The Inlight Painbuster 90 Red and Near-Infrared PLT Pad is a small pad delivering two colors of light: Red and Near-infrared.

**Price:** \$250.00

**Categories:** [INLIGHT THERAPY](#), [Red & Infrared Light Pads](#)

## **SYSTEM PACKAGES**

### **UNIQUE PACKAGES TO FIT YOUR NEEDS**

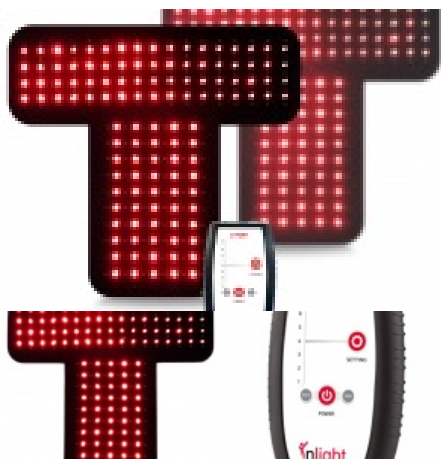

InLight Medical Polychromatic Light Therapy (PLT) systems make light therapy sessions a *real treat!* Whether you are recovering from a painful condition, focused on a wellness plan to promote healthy aging or looking for an athletic performance edge, the InLight Medical systems are a perfect self-care companion to meet aid in meeting your goals. System package options include interchangeable therapy pads in different sizes, shapes, and polychromatic combinations.

Medical professionals also find InLight Medical PLT the on of the best light therapy options in the industry.

### **2/PORT - SYSTEM PACKAGES**

#### **SYSTEM PACKAGES**

InLight Medical offers a variety of system packages for the wellness treatment of the individual from head to toe.

## 2/PORT | 2 T-PADS

**SKU:** 2SYS2TPAD

The 2/PORT | 2 T-Pad System features the 2/PORT Controller and (2) T-Pads, for an array of polychromatic light therapy options.

**Price:** \$1,650.00

**Categories:** [2/PORT - System Packages](#), [INLIGHT THERAPY](#), [System Packages](#)

## 2/PORT | 2 PAD PAIN

**SKU:** 2SYS1Pain-1

Target trouble zones with the 2/PORT | 1 Pad system. The popular pad offers the popular 264 Body Pad offers a mix of red and infrared diodes to address and elevate pain. Clinical use of InLight Medical's polychromatic light therapy (PLT) provides patients with pain-free, medication-reduced days in as little as 20-minutes. When clinically combined with prescribed physical therapy, mobility and balance improvements are measurable.

**Price:** \$1,495.00

**Categories:** [2/PORT - System Packages](#), [INLIGHT THERAPY](#)

## 2/PORT & 2 PAD | PODIATRIC

**SKU:** 2SYS2PODI

The 2/PORT | 2 Pad Podiatric System features the 2/PORT Controller and (2) Boot 122 Podiatric pads, for an array of polychromatic light therapy options.

**Price:** \$1,495.00

**Categories:** [2/PORT - System Packages](#), [INLIGHT THERAPY](#), [System Packages](#)

## 2/PORT | 2 PAD SKIN

**SKU:** 2SYS2SKIN

The 2/PORT | 2 Pad Skin System features the 2/PORT Controller and (2) pads, for an array of polychromatic light therapy options.

**Price:** \$1,295.00

**Categories:** [2/PORT - System Packages](#), [INLIGHT THERAPY](#)

## 2/PORT & 2 PAD | TRAVEL

**SKU:** 2SYS2TRAV

The 2/PORT | 2 Pad Traveler System features the 2/PORT Controller and (2) pads, right-sized for portability and polychromatic light therapy options.

**Price:** \$1,250.00

**Categories:** [2/PORT - System Packages](#), [INLIGHT THERAPY](#), [System Packages](#)

## 2/PORT | 1 PAD PAIN

**SKU:** 2SYS1Pain

Target trouble zones with the 2/PORT | 1 Pad system. The popular pad offers the popular 264 Body Pad offers a mix of red and infrared diodes to address and elevate pain. Clinical use of InLight Medical's polychromatic light therapy (PLT) provides patients with pain-free, medication-reduced days in as little as 20-minutes. When clinically combined with prescribed physical therapy, mobility and balance improvements are measurable.

**Price:** \$1,150.00

**Categories:** [2/PORT - System Packages](#), [INLIGHT THERAPY](#)

## 2/PORT | 1 PAD PODIATRIC

**SKU:** 2SYS1PODI

The 2/PORT | 1 Pad Podiatric System features the 2/PORT Controller and single Boot 122 Podiatric pad, for an array of polychromatic light therapy options.

**Price:** \$1,100.00

**Categories:** [2/PORT - System Packages](#), [INLIGHT THERAPY](#), [System Packages](#)

# 6/PORT - SYSTEM PACKAGES

## SYSTEM PACKAGES

InLight Medical offers a variety of system packages for the wellness treatment of the individual from head to toe.

### 6/PORT PRO -2/PORT & 6 PAD | PLATINUM

**SKU:** 126SYS6

The InLight Medical Platinum System takes patient care to the next level. It is perfectly designed and packaged for maximum self-care at home, in the office, and on the go! The Platinum System features a state-of-the-art 6/PORT PRO Controller with InLight **Progressive Multi-Pulse™** technology coupled with a versatile, travel-lite 2/PORT system. The package includes six (6) polychromatic therapy pads providing the healing power of over 1000 polychromatic LEDs.

**Price:** \$4,995.00

**Categories:** [6/PORT - System Packages](#), [INLIGHT THERAPY](#), [System Packages](#)

## 6/PORT PRO | 4 PAD PODIATRIC

**SKU:** 2SYS4PODI

The 6/PORT PRO | 4 Pad Podiatric Plus System features the 6/PORT PRO Controller and 4 pads (including the pair of Podiatric Boot 122 pads), for an array of polychromatic light therapy options.

**Price:** \$3,495.00

**Categories:** [6/PORT - System Packages](#), [INLIGHT THERAPY](#), [System Packages](#)

## 6/PORT PRO | 4 PAD PAIN/SKIN

**SKU:** 2SYS4PAIN

The InLight Medical 6/PORT PRO pain system takes patient care to the next level. It is perfectly designed and packaged for maximum self-care at home, in the office, and on the go! The system features a state-of-the-art 6/PORT PRO Controller with InLight **Progressive Multi-Pulse™** technology and includes four (4) polychromatic therapy pads providing the healing power of over 1000 polychromatic LEDs.

**Price:** \$3,295.00

**Categories:** [6/PORT - System Packages](#), [INLIGHT THERAPY](#), [System Packages](#)

## 6/PORT PRO & 3 PAD | EXPANDABLE

**SKU:** 126SYS3

The InLight Medical Expandable System features a state-of-the-art 6/PORT PRO Controller with InLight **Progressive Multi-Pulse™** technology. The package also includes three (3) polychromatic therapy pads, providing the revitalizing power of 500 polychromatic LEDs. Designed for use in clinics and at home, this powerhouse system can be “expanded” and customized with up to three additional polychromatic light pads as the need arises.

**Price:** \$2,995.00

**Categories:** [6/PORT - System Packages](#), [INLIGHT THERAPY](#), [System Packages](#)

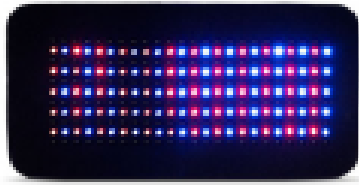

## **TRICOLOR LIGHT PADS**

### **POLYCHROMATIC THERAPY PADS**

Polychromatic Light Therapy is a unique therapy that harnesses the powers of infrared light. Unlike blue, red or yellow light, near infrared (also known as IR) light is invisible to the human eye. It emits special wavelengths of light energy that dramatically increase circulation to injury sites and areas of chronic pain. The IR light has been reported to dilate blood vessels at the site of treatment. The result tends to be a more rapid relief of discomfort, improvement in sensation, and regeneration of damaged tissues. Additionally, unique value in each “color” of polychromatic applications has been found and utilized.

As FDA-cleared Class II home-use medical devices, it is confirmed that the simple application of InLight’s flexible neoprene pads laden with polychromatic LED combinations of red, blue, and infrared diodes directly onto the skin introduce the benefits directly to the body parts through skin response. InLight Medical polychromatic PLT therapy pads come in a variety of sizes and shapes to fit different areas of the body comfortably. A 20-minute session can deliver enough polychromatic light to trigger the body’s innate healing response by increasing circulation and reducing inflammation and pain.

**THESE TRI-COLOR POLYCHROMATIC THERAPY PADS COMBINE RED, BLUE, AND NEAR-INFRARED LIGHT INTO A SINGLE PAD.**

## BODY 264 PAD TRICOLOR

**SKU:** N/A

The InLight Body 264 Tricolor PLT Pad is the largest pad in the InLight collection delivering a polychromatic dose with 264 blue, red and near-infrared (NIR) diodes. The polychromatic delivery of photonic energy with In Light's unique **Progressive Multi-Pulse™** technology provides the body with low level light therapy.

**Price:** \$500.00

**Categories:** [INLIGHT THERAPY](#), [Tricolor Light Pads](#)

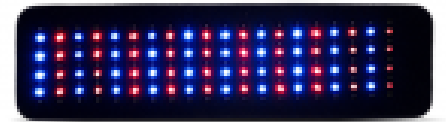

## PAINBUSTER II 180 PAD TRICOLOR

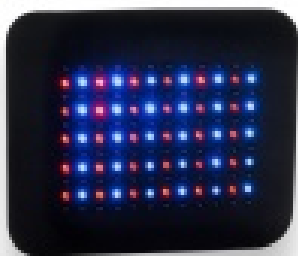

**SKU:** N/A

The InLight Painbuster II 180 Tricolor PLT pad is made of three colors of light - blue, red, and near-infrared (NIR) LEDs.

**Price:** \$450.00

**Categories:** [INLIGHT THERAPY](#), [Tricolor Light Pads](#)

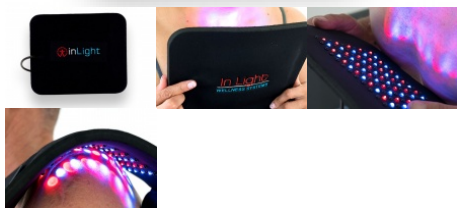

## LOCAL | 132 -TRICOLOR

**SKU:** 3T1321

The InLight Local 132 Tricolor PLT Pad provides the polychromatic application of tricolor photonic energy to the body. The InLight Local 132 Tricolor PLT pad design applies comfortably to any flat surface area of the body and bends nicely to fit on top of the head, hands, wrists, arms, axilla, knees, ankles, and feet. The InLight Local 132 Tricolor PLT Pad has a very versatile application for conditions of the skin needing an increase in circulation and/or pain reduction.

**Price:** \$350.00

**Categories:** [INLIGHT THERAPY](#), [Tricolor Light Pads](#)

## FACEMASK 104 PAD

**SKU:** 3RB1041

The InLight Medical Facemask 104 Red/Blue PLT Pad is ergonomically designed to be placed over closed eyelids for a safe and effective dose of comforting blue and red LED light. Blending the skin-rejuvenating power of blue light with the circulation-enhancing power of red light, the InLight Facemask 104 delivers a gentle healing stimulus to skin tissue wherever the pad is placed.

**Price:** \$250.00

**Categories:** [INLIGHT THERAPY](#), [Tricolor Light Pads](#)
